## COFFEE FUNDRAISER

Laughing Whale is Canada's first Eco-Roaster, using low-emission, heat-recycling roasting technology. All coffee \$15 per bag and proceeds go to the Shambhala School!  
Consider buying all your coffee through the school this year.  
We will repeat this event monthly.

### Morning Mantra (medium roast)

Full flavoured with low acidity and smooth finish. Coffees from the southern highland of Mexico. Tuned to start your morning off on the right note.

### Dolce Vita (medium roast)

A lighter espresso with surprising sweetness reminiscent of toasted almonds- a third wave take on "the good life" combining Central American and Asian coffees.

### Rock Your Boat (dark & medium roast)

Lives up to its name. A bold coffee, rich in taste and aroma. A blend of dark, mi-noir, and medium roasted Mexican beans, bolstered by full bodied Sumatra.

### Ooh La La! (very dark roast)

Very darkly roasted, high altitude Andean coffee, smoky and sweet- but with an attitude.

### Mardi Gras (very dark DECAF)

Decaf with oomph! Roasted dark for a lively taste. CO2 or water processed.

### (New) Be the Buzz (medium roast)

"Honey" processed coffee from Nicaragua, shows a natural sweetness with medium body and bright, citrusy acidity.
